

THE HUNTER XCI ADVANTAGE

Understanding the Hunter Xci AEGIS Wall System™

Put the complete Hunter Xci AEGIS System to work for you. Hunter Panels has you covered with a single-source solution of products designed to make your next project come together simply and efficiently. As a leading Innovator of polyiso products, we know what it takes to help you build with confidence.

HUNTER PANELS Xci PLY,
Xci PLY (CLASS A) OR Xci NB

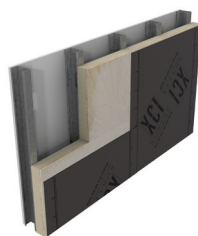

Hunter Xci AEGIS Wall System Features and Benefits

- Thinner, energy-efficient, code-compliant walls allow for more usable square footage.
- Single source solution provides peace of mind surrounding air, water, and thermal protection.
- Multi-functionality of materials reduces number of trips around the building minimizing installation costs.
- Simplified installation for wall assembly: cladding attaches into OSB or plywood substrate directly over barrier material.
- Systemization ensures compatibility of materials performing key functions within the wall assembly.
